

PRODUCTS RANGE AND CAPACITY

Slitter Line No. 1

Slitter Deburring 3K Nut, Tension Pad Pneumatic
Thickness : 0.30 ~ 4.00T / Width : 50 ~ 1,500mm
Unit Weight : Max 25,000kg / Speed : 120mpm
Productivity : 3,000 Ton/Month

Slitter Line No. 2

Recoil 2ea Tension Pad Air Tube
Thickness : 0.10 ~ 2.00T / Width : 5 ~ 700mm
Unit Weight : Max 10,000kg / Speed : 150mpm
Productivity : 500 Ton/Month

GUIDE TO ORDER

Request a Quote

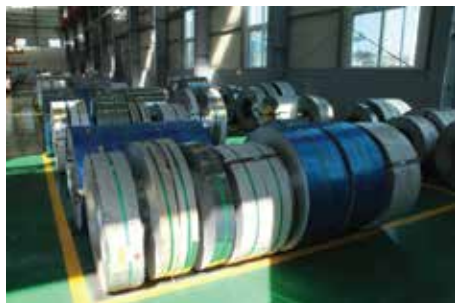

To ensure an accurate quotation and efficient processing, please provide the following information when placing an order or requesting a quotation.

ITEM	INFORMATION
Grade	SUS 304, 304L, 316, 316L, 430, etc.
Surface Finish	2B, BA, No.4, HL, etc.
Thickness	0.10 ~ 4.00T
Width	5 ~ 1,524 mm
Length	Coil / Sheet
Quantity	Ton / Kg / SH
Protective Film	PE / PVC / None
Processing	Slitting or Custom Processing
Delivery Schedule	Requested Delivery Date
Remarks	Packing, Drawing, Special Requirements, etc.

TECHNICAL SUPPORT & QUOTATION

Our technical team will assist you in selecting the most suitable stainless steel material and processing solution based on your requirements.

Please contact us for product consultation, technical support, or quotation requests.
